

# **GENDER PAY GAP REPORT 2024**

**Lakes College West Cumbria  
Hallwood Road  
Workington  
Cumbria  
CA14 4JN**

## OVERVIEW

The Government has introduced world-leading legislation that made it statutory for organisations with 250 or more employees to report annually on their gender pay gap for workers in scope. Although Lakes College - West Cumbria employs less than 250 we feel that reporting our Gender Pay Gap Reporting is very important.

The regulations that underpin the Public Sector Equality Duty require relevant organisations to publish their gender pay gap data annually, including mean and median gender pay gaps; the mean and median gender bonus gaps; the proportion of men and women who received bonuses; and the proportion of male and female employees in each pay quartile.

The **gender pay gap** shows the difference in the average pay between all men and women in a workforce. If a workforce has a particularly high gender pay gap, this can indicate there may be a number of issues to deal with, and the individual calculations may help to identify what those issues are.

The gender pay gap is different to equal pay. **Equal pay** deals with the pay difference between men and women who carry out the same jobs, similar jobs or work of equal value. It is unlawful to pay people unequally because they are a man or a woman.

This report fulfils Lakes College West Cumbria's reporting requirements, analyses the figures in more detail and sets out what we are doing to close the gender pay gap in the organisation.

## LAKES COLLEGE WEST CUMBRIA GENDER PAY GAP REPORT 2024

This report gives the gender pay gap data at Lakes College West Cumbria as at 31 March 2024.

At Lakes College West Cumbria there were 282 members of staff in post.

Our gender balance has changed since March 2023 with males increasing by 7% and stands at: -

- Women: 168 (60%)
